## SECURITY SERVICES

- ✓ Guard/ Entrance Control
- ✓ Reception
- ✓ Internal Patrols
- ✓ Response Function
- ✓ Pro-Active Vigilance round of the premises
- ✓ Escort Duties

- ❖ We believe that the success of guarding division can be attributed to the way in which we approach this business. Our Philosophy is that all guards are direct employees of *Aman Security Services*. They are carefully selected thoroughly vetted and properly trained *Aman Security Services* guards are smartly uniformed with all accessories.
- ❖ The *Aman Security Services* firmly believes that the three main criteria in providing quality-guarding service are Selection, Training & Supervision

### Selection

Almost attention is given to recruitment of personnel in accordance with stringent parameters laid down as company policy. This includes education, age, physical fitness and background. All employees are subjected to rigorous vetting process. Further, our internal security department in each region is responsible for verification and background check of each employee before deployment to any site.

### Training

Before deployment, it is mandatory for all Aman Security Services employees to undertake a Basic Security Training Course, which imparts necessary skills to perform duties. In addition to lessons on basic guarding skills they are taught the rudiments of First Aid, Fire Fighting, Vigilance and prevention. The Training process is ongoing and progressive throughout the employee's career, to refresh and further development their knowledge.

### Supervision

We realize that supervision is equally important in order to provide quality services. In this regard, we have a strong operation team comprising of Manger and Patrol Supervisors who constantly check on officers and guards. This is backed by 27/7 contact point to enable clients and our guards to obtain assistance at any time.

## SECURITY SERVICES

### Tenets of Security Control

Physical security control has three aims:

- ✓ **Prevention**
- ✓ **Deterrence**
- ✓ **Detection**

**Prevention** is concerned with forbidding illicit entry of personnel, material or vehicles to premises, barring access to their contents, both human and inanimate and ensuring that nothing and no one leaves without valid authority.

**Deterrence** is concerned with discouraging such entry, access and unauthorized exit.

**Detection** is concerned with system designed to discover to discover when measures to prevent and deter have proved inadequate.

### OUR AIM

To enhance the overall security environment through the provision of quality guarding services of the highest professional standards. With *Aman Security Services* at your organization's security helm, nothing is left to chance.
